

Product description	PhaseFMR Waveguide		
Identification	Model: ISHE Version: v6 Surface: Gold, no SiO ₂		
			<p>Dimensions</p> <p>Length x width: 44.7 x 30.0 mm</p> <p>Width at poles: 20.6 mm</p> <p>Mounting holes, diameters: 2.3 mm</p> <p>SMA connector distance, c/c: 14.93 mm</p> <p>Sample size: The sample area indicated in the drawing is 5 x 10 mm. Samples wider than 6 mm will reach the areas for DC connectors on each side.</p>
RF connections	Connectors: SMA female end launches Max frequency: 26.5 GHz (SMA end launches)		<p>Characterization</p> <p>Typical S-parameters at room temperature</p>
